TECHNICAL DATA SHEET

Revision date: 06.06.2025

AEROSOL AIR CON CLEANER PROFESSIONAL

Article number:	49743
Colour:	colourless
Intended use:	Cleaning agent/ Cleaner
General characteristics:	<p>Effectively cleans and conditions the vehicle's air conditioning system. The foam formulation penetrates the system to remove contaminants and restore optimal hygiene. It imparts a mild fragrance while providing long-lasting odor prevention.</p> <ul style="list-style-type: none">▪ effective cleaning foam▪ improves the functioning of the air-conditioning system▪ leaves subtle scent▪ removes dust, bacteria and fungi

TECHNICAL CHARACTERISTICS

Base: tenside solution

Smell: characteristic

APPLICATION PROCESS

Before use, carefully read and observe the warning texts on the label!

Processing conditions:

Please only use in an adequate ventilated environment with an ample supply of fresh air. Processing temperature should be from +10°C to +25 °C and max. air humidity should not exceed 80%.

Processing tips:

- The aerosol should have room temperature
- Before use, shake the aerosol for 2 min
- Before treatment, switch off the engine and the electrical systems

- Apply the foam to the air conditioning evaporator using the enclosed adapter
- The location of the air inlet varies by brand, please check with your vehicle dealer
- Insert the adapter approx. 30 cm into the air inlet of the air conditioning system, then empty the can completely
- Do not switch on the engine or electrical system of the car for at least 30 min after applying
- During this time the foam will break down and leave the system as a fluid through the condensed water outlet
- For best results, replace the cabin filter

VOC regulation:

EU limit value: Category B/e 840 g/l

This product contains max. 709.7 g/l VOC

Shelf life:

120 months, if stored in tightly closed original containers

This release replaces all eventually earlier issued versions.
